Potomje & Dingač

Potomje

Potomje i Dingač: Potomje je staro naselje smješteno u središnjem dijelu Pelješke Župe na 300m nadmorske visine, 2,5 km udaljeno od mora, **15 km jugoistočno od Orebića**.

Zbog lakšeg pristupa južnim padinama čuvenog vinogorja Dingača (središte je uzgoja naše najpoznatije sorte grožđa, Plavac mali - Dingač) iz Potomja je probijen **400m dugi tunel** koji je i izvanredna turistička atrakcija. Izlaskom iz tunela cesta vodi do naselja na obali, desno do **Potočina**, a lijevo u **Borak**.

Oba naselja su idealna za odmor, pružaju nezaboravan ugođaj, okružena borovom šumom, čistim morem u ribarskom ambijentu. Smještaj se nudi u obiteljskim vilama i apartmanima, uz gastronomski užitak crnog vina i ribe.

Potomje-Dingač: Potomje is a very old village placed in the center of the parish of Pelješac, 300 m above sea level, some 2,5 km away from the sea shore and **15 km south-east from Orebić**. It is set on the most fertile land for production of high quality wines, such as world famous red wine (**Plavac Mali** - Dingač) grown on **steep slopes of Dingač**.

The approach to Dingač is now more accessible thanks to the 400 m long tunnel, an attraction by itself, connecting Dingač and Potomje. At the end of the tunnel you can choose to go left to **Borak**, or right to **Potočine**; both places are ideal for vacation, rendering an unforgettable enjoyment in the pure nature and providing exquisite fruits of nature, especially top quality wine. You can also find accommodation here in family villas and apartments.

Kuna: Mjesto u župi pelješkoj poznato kao jedan od **peljeških centara vinogradarstva i vinarstva**.

Celestin Medović koji se školovao u obližnjem franjevačkom **samostanu Majke Božje Loretske** gdje se danas nalazi galerija njegovih slika, a i sam samostan ima status spomenika kulture. Trstenik

Trstenik: Jedna od starijih luka na Pelješcu, prvobitno izgrađena radi trgovine grožđem i vinom. Preko dana simpatično mirno malo mjesto gdje na šljunčanim plažama možete uživati u prelijepom pogledu na netaknuto prirodu i staru kamenu arhitekturu, a tokom noći se transformira u živahni mali gradić sa zanimljivom zabavom u lokalnim caffe barovima.

Trstenik: One of the oldest ports on Pelješac, originally intended for trade enhancement in these parts. Make the most of this little calm place during the day; take a swim, sunbathe on one of the beaches overlooking the stunning landscape and old stone architecture and by night watch as it transforms into lively little town with an interesting nightlife in local café bars.

Podobuće: Malo mjesto na južnoj obali poluotoka Pelješca. Prema legendi za vrijeme Dubrovačke Republike ovdje je podignuta **crkvica Sv. Andrije** oko koje se potom širi naselje, omiljeno izletište, a danas turistička oaza. Pored **lijepa plaže u centru** mjesta ima još više manjih plaža u bližoj okolini. More je vrlo čisto, pogodno za kupanje i sve vodene sportove, dok je zapadni dio mjesa idealan za šetnju, sa predivnim pogledom na krajolik.

Podobuće: Small place on the south side of Pelješac. According to the legend the whole settlement emerged from the **Church of St.**

Andrija, built under the authority of Republic of Dubrovnik. Today this is a favorite tourist place, with **lovely main beach**, as well as many others nearby, crystal clear sea, and numerous trekking routes in the western area with some stunning viewpoints.

Sjenovite šljunčane plaže, čisto more, jedrenje, surfing, restorani s domaćim specijalitetima i čuvenim pelješkim vinima idealni su za ugodan odmor. Na regionalnoj je prometnici koja prolazi uzduž poluotoka Pelješca.

Kučište: Small settlement and a marina, **located 6 km west of Orebic**. Shadowy pebble beaches, clear sea, sailing, wind surfing, authentic Dalmatian cuisine and wines at local restaurants; features appealing to anyone looking for complete, pleasant holiday.
